Western Carolina Employees Receive Plant Operator Awards

Greenville, S.C. (January 28, 2008) – Western Carolina Regional Sewer Authority is pleased to announce that two employees received Blue Ridge Foothills district awards from Water Environment Association of South Carolina (WEASC). Upon receiving these awards, Barry and Page are eligible for the WEASC awards at the state level.

Western Carolina's wastewater operator, John Barry, was named Wastewater Operator of the Year. This award is presented annually to wastewater a plant operator for excellent achievement in the direct operation of a wastewater system.

Electronic/Electrician Instrumental Technician, Greg Page, was named Maintenance Person of the Year. This award is presented annually for excellent achievement in the maintenance of a water, wastewater, collection or distribution system in South Carolina.

About WCRSA

Western Carolina Regional Sewer Authority is a clean water provider for more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg and Laurens Counties. Western Carolina operates and maintains 300 miles of major sewer trunk lines and 10 major wastewater treatment facilities.
