## **2006 CAMPAIGN RESULTS**

Western Carolina Sewer Authority began their campaign with a Palmetto Society "Southern Style" luncheon for the management team complete with fried chicken, sweet tea, and the rest of the fixin's. Two days off with pay were awarded to any employee who pledged Fair Share and a dinner for two to any new Palmetto Society member. A wide variety of sporting event tickets were raffled to provide extra incentives to employees. And food, food, food was served to all - hot dog lunch and the annual fish fry wrapped up this company's campaign.
